Nevada City Nugget

VOLUME III, NUMBER 20 THE GOLD CENTER NEVADA CITY, NEVADA COUNTY, CALIFORNIA, THE COUNTY SEAT PAPER APRIL 1, 1929

HOOVER START IN NEVADA CITY IS WRITTEN UP

Herbert Hoover's early start in the mining profession in Nevada City is given extended mention in a recent issue of the Oakland Post Enquirer in a special article by William Shaw. The article deals with his experiences while working at the Mayflower mine under Tom Ninnis as shift boss.

The article is somewhat inaccurate in noting that the work at the Mayflower was his first job here as he was first employed at the Reward mine prior to his working at the Mayflower. Tom Oliver is prominently mentioned in the article as being here at the same time. Photos of President Hoover as he looked then, the assay office of E. J. N. Ott, Mr. Oliver and the buildings at the Mayflower mine are all shown.

The article is well written and will prove a great boost for Nevada City with the touring public. If our local civic body will now have a cleanup day and remove the garbage and rubbish that litters the road from the highway to the mouth of the Reward shaft, it will be possible to make quite a shrine of the spot in years to come. The site is an eyesore at the present time and a disgrace as well.

BAD ACCIDENT BRUSH CREEK MINE IS FATAL

A skip jumping the track at the Brush Creek mine last Tuesday was responsible for the death of Steve Sestin working his first shift at the property. Jay Folsom escaped death by catching a timber in the shaft and he also broke the fall of John O'Donnell, the third member of the party.

The skip was coming out for lunch time. Sestin pitched nearly 70 feet to the bottom of the shaft dying soon afterwards. O'Donnell was brought to a Grass Valley hospital for medical attention. He was injured internally.

This is the first fatality in a Sierra county property in some years and the second one in this district in a long time.

MOBLEY OPENS OFFICES

Justice of the Peace Walter L. Mobley has opened offices in the Wright Building on Broad street opposite The Nugget office and is now prepared for all comers in his line. His appointment is meeting with universal commendation despite the fact that other strong candidates were in the field.

NICE WINDOW DISPLAY

J. Chester Scheemer has arranged an attractive window display at the Plaza Grocery the past week. It is a garden setting and is quite realistic. A nice lawn is created from dyed sawdust and with seeds and bulbs, the scene is one to draw attention from the passerby.

FIREMEN WILL DINE

The members of Pennsylvania and Nevada companies of the Nevada City Fire Department will be the guests of Mr. and Mrs. Fred C. Worth at the National Hotel on Wednesday night at a sumptuous banquet given in celebration of the valiant efforts put forth recently by the department in quelling what might have been a very disastrous fire. Nedless to state there wont be many absentees on the banquet occasion.

MRS. McCULLOUGH APPOINTED

Mrs. J. J. McCullough, popular matron of North San Juan, has been appointed to the board of school trustees of that district by County Superintendent Mrs. Ella Austin. A numerously signed petition was presented to Mrs. Austin in her behalf.

Thomas Graham, an aged woodchopper, was found badly wounded in his cabin Friday by Tom Maguire and N. E. Robins. One hand had been severed doubtless by a charge of dynamite ora blasting cap. He was removed to the county hospital where he passed away this morning.

JERROLD L. SEAWELL

Brilliant Young Assemblyman Whose Fight for Placer Mining Industry Is Giving Promise of Victory

MERRIAM EXPRESSES VIEWS ON EDITION

Dear Mr. Willoughby:

I note that you are coming out with a mining review. I cannot let the ocasion pass without voicing what I believe to be the sentiments of many, that you are doing a wonderful work for the mining fraternity in thus devoting your columns almost exclusively to their interests. I have watched your paper grow from its first edition to its present wonderful character, both from a standpoint of news, accuracy, fearlessness, and very favorable "set-up". I believe you are 100 per cent loyal to the miner and the community at larg which you serve. Every business man in your community should subscribe for extra copies of the special edition, and mail them to distant friends, so that they too may be come interested in mining, and perhaps bcome subscribers to your paper, and through that medium, may become investors in your community. Such is the power of the press. A community cannot be put upon the map without proper publicity. You are furnishing that publicity in a wonderful manner. In addition to such subscriptions being mailed out every business man in the community, both at Nevada City and Grass Valley, should patronize you through their advertisements, in turn telling the story to the public of the goods and wares which they have to offer for consumption, and thus the community will grow through the cooperation of the business men and this fine publicity medium, The Nevada City Nugget. Frankly, I look forward to its coming each week, and read it with more interest than I do any other paper, including the big New York dailies, to which I subscribe.

My best wishes to you in this special effort.

Yours very sincerely,
J. E. Merriam.

PACIFIC GAS ENTERS DOWNIEVILLE FIELD

The Pacific Gas and Electric Company is planning to enter the Downieville field after having been within three miles of the town for a number of years at the Wisconsin mine. An application has been made of the railroad commission to effect the purchase of the York system which now supplies the town, at a stipulated price of $7,500.

The present purchase doubtless means the building of a new power line from either the Drum power house or the Deer creek plant by way of the Poorman creek country to tap the southern extension of the Alleghany line now at the Irelan mine but which is to be extended in the next sixty days to the German Bar and possibly the Twin Sister properties. The building of the new line will mean the rejuvenation of the mining industry in the east belt which includes the Gaston and Ancho mines now being actively developed. It would be the biggest forward step the power company has taken in behalf of the mining industry in this county in many years.

The York system which furnishes only night current for Downieville has been unsatisfactory service and the mines nearby have not been able to make much continued use of it.

Mr. J. L. Smith, cabinet maker, has purchased a property up on Broad street across from Dr. R. E. Werner's office. He and son and his wife will have rooms upstairs and a shop downstairs. They plan a number of improvements.

Miss Helen Calanan, who teaches in the public schools in San Francisco, spent last week here with her parents, Mr. and Mrs. George Calanan.

MAJORITY ASSEMBLY WAYS & MEANS COMMITTEE FAVORS PLACER MINING

The following are the members of the Assembly ways and means committee who voted favorably on the Seawell bill in the ways and means committee Wednesday night:

	Sacramento Address
E. G. Adams, Livingston,	Hotel Sacramento
Hubert B. Scudder, Sebastopol,	Hotel Sacramento
Frederick M. Roberts, Los Angeles,	Hotel Sacramento
Harry L. Parkman, San Mateo,	Hotel Sacramento
Harry F. Morrison, San Francisco,	Hotel Travelers
Augustus F. Jewett, Hanford	Elks Club
Joseph P. Gilmore, San Francisco,	Hotel Berry
Robert B. Frye, San Francisco,	Elks Club
Robert F. Fisher, Carlotta,	Hotel Lenhart
James C. Crawford, Los Angeles,	Elks Club
Jerome V. Scofield, Los Angeles,	Hotel Sacramento

These were our friends on the committee who felt that the placer mining industry ought to be given a chance to get on its feet again after being throttled for so many years by the agitators down in the valleys. All credit to them for their far sightedness in sponsoring the measure put forward in our behalf. In restoring placer mining to something of its former status it is not with the idea of damaging the valleys with debris as the restraining dams which will be built have proven that they are capable of handling not only the detritus from the mining operations but the natural erosion as well which is the real enemy of the farmer.

The farmers have been well treated in the years that California has been a state, by the legislature in the matter of appropriations for about all they asked for. Mining has not fared nearly so well, muchly so because of the decided antagonism of a small group of agitators, mostly politicians who have played on the prejudices of their communities and maintained themselves in office on that score. With the great mining revival that is in sight for California, it is more than important that the present legislature get behind the mining industry in a tangible way and help prosperity return to these hills once more, these hills that first put California on its feet with their golden wealth and started it on its march to future greatness. Our ghost cities on the San Juan Ridge are mute but forcible reminders of the days that once were, but which may still be brought back to something akin to their former activity.

Placer mining has poured its millions into the marts of trade in years past and made real prosperity for the valleys as well as the mountain counties. With the safeguards that have been thrown about its operations as shown by the Bullards Bar dam there can be no sane reason to prevent its resumption. Jerry Seawell has done yeoman service in our behalf. Let's give him a glad hand and the members of the ways and means committee which refused to be blinded to the real facts in the case.

COUGHLIN IS NAMED AS CITY RECORDER

Miles D. Coughlin is the new city recorder being ppointed bythe city trustees at a special meeting held Thursday evening. The post had previously been held by H. B. Dow in connection with his office of justice of the peace. It is understood that the trustees are desirous of having the traffic ordinance mean something as soon as the street parking is done. H. S. Hallett has been acting as special traffic officer since the passage of the ordinance.

ELKS WILL INSTALL

Nevada City Elk lodge will install officers next week, Friday evening for the coming year. District Deputy P. G .Scadden will conduct the ceremonies and induct the officers into their positions. Grass Valley installs on Wednesday evening. Richard R. Goyne will be installed as Exalted Ruler.

BUCK JONES QUALIFIES

Buck Jones, who daily pilots the stage between Nevada City and Marysville, proved a good sleuth when he located a bad check passer at Marysville wanted for slipping a phony check to an enterprising firm of car dealers at Grass Valley a couple of days before. Charley Leiter is cackling because the make of car represented was able to outdistance the speed cops down the highway. Edward McKay was taken into custody following Jones' good work and landed in the Carter bastile.

Robert T. Ingram lead the field in the alloting for school trustee in Grass Valley Friday. Mrs. Laura C. Nye came in second and there was a tie for third place between Al Abrahams and William Ducotey.

MILL FOR NEOCENE MINE HAS ARRIVED

The new Ellis ball mill for the Neocene Gold Incorporated arrived here Friday from San Francisco and is now being set up at the property. It is expected that within three weeks it will be running on a 24 hour schedule grinding out the golden treasue that the company has unlocked under Cement Hill. There is already enough gravel blocked out to keep the mill running to capacity for a year and with the large acreage held by the company assures long and profitable operations.

The large ore bin has been completed and a tramway between the dump and the bin has been completed the past few days. The plant is all ready to go on a day and night service as soon as the mill is set up and running. Underground operations are going ahead steadily.

The death of Edward Nolan, treasurer of the company, will not disrupt the company's production schedule or cause any change in the operations.

KARL KOPPS CELEBRATE 7TH ANNIVERSARY HERE

Mr. and Mrs. Karl Kopp, among Nevada City's most popular and best loved business people, are today celebrating the sveenth anniversary of their coming to this city to make their home. In honor of the event their daughter Mrs. Joe. Cereseto Mr. Cereseto and Mrs. Angeline Deulcci and son came up from Oakland to send the weekend.

Mr. Kopp has shown his abiding faith in the future of Nevada City by making large investments in real estate and improved property. May his example be an insipration.

LUCAS PROSPECTING NUMITOR PROPERTY

C. D. Lucas of Seattle, who has taken a bond and option on the properties of the Numitor Gold Mining Company on Greenhorn creek from the Dr. Puschek estate, has completed a thorough prospecting of the surface outcroppings on the property and has secured some likely looking rock. A number of promising ledges have been opened up to several feet depth and some fine asbestos samples have been taken out.

Prospective development work includes sinking an incline or vertical shaft to a depth of 300 feet and drifting from that point on one of the ledges to determine the ore shoots.

The property includes 500 acres lying north of Bear river and east of Greenhorn creek .Lucas holds a ten year bond and option on the property.

COMMITTEE HEARING HAD PECULIAR FLAVOR

(By P. M. Toleman)

Trying to recall ones impression of the recent hearing on the Seawell hydraulic mining bill is like trying to see a drama, comedy farce and even a melodramo all at the same time. A bored committee probably wishing for the relaxation in attending a good show instead of an evening of tiresome public duty, before the night was over lost all desire for such.

The debate on the bill started off with a strong an able plea by the affirmative or rather proponents of the bill. All speakers brought out their points clearly and concisely. Judge Raglan Tuttles legal points and plea for justice and Congressman Englebright's strong telegram were completely ignored by the valley speakers in their later talks. Perhaps they felt like the black crow saying "why bring that up?" James D. Stewart's argument for the passage of the bill was the real fair and merited request of the hydraulic miner himself that the state aid him to resume his livelihood in such a manner as to harm no one and benefit all, mountain and valley alike. Later in the evening he tore to shreds the emotional efforts of the valley opponents.

With the speech of Mr. Ellis first of the valley speakers, comes the comedy. It was a long and interesting talk on the injuries and supposed injuries resulting from the early and unrestricted hydraulic mining. All interesting ancient history, but the comedy of it all being that, why would the hydraulic miners be asking for state aid on dams other than to do away with any possible injury to the valley. In fairness to Mr. Ellis it must be said that he alone of all the valley speakers showed no bitterness nor hate in his remarks,

With District Attorney Coates of Sutter county the curtain rises on the farce. His was a speech dedoted to dams both good and bad. With the voice of a skilled pleader, the committee was exhorted not to subject Marysville and the surrounding country to the menace of a huge dam only 20 miles away. He begged of them not to force the inhabitants of the valley to that ever continued fear of what would happen if said dam should collapse like the St. Francis dam did in southern California. One must pause to wonder that if such i the true tate of the valley inhabiants minds why oh why did they allow their representatives in the Legislature to vote for the Boulder Canyon dam almost three times as large as the one they are so afraid of. Perhaps they will do a little Christian missionary work and acquaint their brother farmers in the Imperial Valley of what awful danger they are in and advise them to endure the lesser evil of the annual flood threat of the Colorado river. Next came a long description of the great lack of water in all of California's valleys, even felt around Marysville and Yuba City. Now the solution for such want, if the committee and legislature should allow tha th dams b ebuil was, o be sure to see that they were built to store water that they down there could use for their crops. Evidently

Continued on back page

PRODUCTION OF NORTH STAR IS NEAR MILLION

The annual report issued by the North Star Mines Company to its stockholders the past week shows a production for the past year of $826,567 and a total product for the proerty during its operation by the present company and its immediate predecessor since 1884 of $30,642,734, one of the largest in production of gold in the history of mining. Dividends amounting to $5,762,040 have been paid.

The operating costs for 1928 are given as $734,831 and with development costs of $147,321, showing a deficit for the past year. The tonnage of ore crushed was 108,600 with an average value of $7.70 per ton.

Attention was called in the report to the fact that an important ore body was discovered the past year below the 8,600 level, the extent of which has not been fully determined. Several other promising shoots are noted as being capable of development.

The prediction made by Mr. James D. Hague just prior to his death in 1918 that gauging from the past production of twenty million that the coming twenty years should see that amount equalled, was practically verified as the production since that time in 21 years has been over nineteen and a half million.

The North Star has had a notable production record and with its ups and downs as all mining enterprises naturaily encounter it has gone steadily forward and brought fame to Nevada county's gold mines.

PIONEER MINE STRIKE IS CUT ON THE 170

A drift run on the 170 level on the Pioneer property below Town Talk has cut the rich ore shoot encountered on the 70 level recently which proves that the strike is an important one and may lead to still more important discoveries. The ledge on the 170 shows a four foot width.

Messrs. Lassen and Gibson hold a bond and option on the property in the Pioneer company from C. C. Mitchell, the owner.

TURPENTINE FACTORY IS MAKING PROGRESS

The erection of the new buildings at the turpentine factory of the California Timber Products Company, Incorporated, in the east part of the city is getting under way in good shape. The office building has been completed and is now being used by General Manager F. C. Ernst. The delay in the shipping of the machinery from France is holding up the commencement of manufacturing operations but with ample storage space for the gum, the work of tapping the trees and gathering the gum will not be interfered with.

The factory bulidings will be erected and will be ready for the machinery when it arrives.

ARMSTRONG BUYS IN ALTA HILL PROPERTY

The plans of several mining companies to buy in the holdings of the Grass Valley Gold Mines Company on Alta Hill at a sheriff's sale last week went by the boards when E. H. Armstrong as attorney for the company paid over the cash to satisfy the Rogers judgment and obtained clear title to the property. There are several bidders for the property at the present time.

MINING MACHINERY WANTED

I am in the market for a quartz mill, rails, cars, compressors, drills, etc. Address P. O. Box 843, Nevada City, giving description, location and price.

Charles W. Dow, fiancial agent of the Western Mines Consolidated, was a Nevada City business visitor Saturday.

THE NEVADA CITY NUGGET

CAMPTONVILLE JOTTINGS

Frank J. DeAndreis, Director of the Department of Industrial Relations, at Sacramento, was in town Tuesday on official business.

Mrs. T. F. Stewart of Garden Valley had to be taken to the Yuba county hospital Tuesday suffering from acute heart attack and hysteria. William A. Lank took her down in his school bus, Ross Zaring accompanied him, they returned home at three o'clock in the morning.

John Woessner, of Downieville passed through town Tuesday enroute to his home after spending the winter in Southern California.

Mr. and Mrs. Eugene H. Hays and son, Calvin, left Tuesday for Marysville on a brief visit.

Supervisor Ben L. Hames of Sierra City, passed through town Tuesday from San Jose enroute to his home.

Mrs. Joseph Lavezzola of Downieville was in town Wednesday on a short visit with her sister.

Frank Bobb passed through town Wednesday from Sweetland enroute to Bald Top mine.

Mrs. Acton M. Cleveland went to North San Juan Wednesday to attend the funeral of the late Mrs. J. R. Davis.

Dr. John R. Ivey and niece, Miss Sutton, of Nevada City passed through town Wednesday enroute to Downieville.

Mrs. Edward J. Price returned home Wednesday after an extended visit with relatives at San Jose.

Mrs. Agnes Weber Meade, uSperintendant of Schools, accompanied by Mrs. McQuaid, Rural Supervisor, were in town Wednesday on an official visit to the schools.

Fred J. Joubert motored to North San Juan Wednesday to attend the funeral of the late Mrs. J. R. Davis.

M. P. Fischer was back on his stage line Wednesday after an absence of several months.

Arthur Deal came up from the Colgate Flume Tuesday evening for a short visit.

Julius E. Jauly ran the stage from here to Dobbins Wednesday due to the absence of his driver, Eugene H. Hays.

Barney Meyers of San Jose is the guest of Erle Pauly for a week.

The Hotel Francis narrowly escaped destruction by fire Monday noon, when a conflagration started in the attic and partly gutted two bedrooms. The terra cotta pipe leading from the dining room had become cracked and a piece came out, and a spark came from this hole, igniting the ceiling of one of the bedrooms, which quickly spread to the ceiling and walls of an adjoining room, some of the burning ceiling fell upon one of the beds, which was all aflame when discovered. The fire was discovered by Mrs. Fred B. Hanson ,who saw it from her place on Main street, and about the same time Mrs. Labadie observed the dining room filled with smoke. A quiet alarm was given to which about ten men responded and in half and hour had the fire under control. It was fortunate that it did not go half an hour longer, or occur in the night or this fine mountain hostelry would have been destroyed. It was just twenty-one years ago on the 21st that the town was destroyed by fire the second time. About $100. damage was done, which is quickly being put in shape again by the owenrs. Mr. and Mrs. Labadie express their thanks to those of the community who assited in subdueing the fire.

Perfect Assurance

When you utilize our service, you may be assured of the utmost and the most modern appointments in every particular. We are proud of the service we have rendered this community in years past and we intend to merit your patronage.

TYLER JOTTINGS

CHEROKEE, Mar. 30, (Special to The Nugget)— Mr. Nelson was a visitor here Monday from French Corral.

Mr. Lemon of Nevada City was here Saturday.

Mr. and Mrs. Simmons of the Roth Ranch were visiting here Monday.

Mr. Carlile Fleming and brother were visiting their uncle, R. Maitland of Shady Creek Sunday. Mrs. Fleming, who has been visiting her brother for the past week, returned home to Lincoln Sunday with her sons.

James Phelan and Thomas Phelan made a business trip to the county seat Monday.

John Culver of French Corral was a visitor here Thursday.

Miss Mary Jane Campbell of Columbia Hill was a visitor in Nevada City Wednesday and Thursy.

Leroy Wilson, 16, former resident of this city, suffered the loss of an eye in the box factory at Hobart Mills last week.

Mr. Garibaldi of Cherokee was a business visitor in Nevada City Wednesday.

E. Pollard of Nevada City was a visitor here Wednesday.

Miss Loraine Erway and James Coughlin were county seat visitors Thursday.

The many friends of Gloria Carpenter are sorry to hear she is very sick in a hospital in Dixon with the flu.

The many friends of Mr. and Mrs. Alfred E. Biscoe of Lodi, formerly of this place, were glad to learn of the arrival of a daughter at their home a short time ago.

Mrs. Henry W. Huckins left Friday for her home at North San Juan after spending a few days here visiting her daughter, Mrs. Acton Cleveland.

Miss Florence Smart arrived Saturday from Nevada City to spend a wek visiting her parents here.

Mrs. Louis J. Joubert and Miss Celia Baum, of Berkeley, arrived Saturday on a short visit to Mr. and Mrs. Fred J. Joubert at Oak Valley.

Miss Margaret Humphrey of Marysville arrived in town Monday to spend Easter vacation with her parents.

Winsmore Chapman of Marysville, arrived Monday to spend Easter vacation visiting relatives here.

JIM STEWART WRITES OF EARLY PLACER MINING DAYS

(By James D. Stewart)
Continued from last week

The indirect profits and benefits from hydraulic mining are far in excess of the direct benefits. The direct production of future hydraulic mining in value of gold produced is set at $600,000,000.00 by Chas. Scott Haley in bulletin No. 62, published by the California State Mining Bureau. It is the general opinion of those who have made an exhaustive study of this matter, that Haley's figures are as near right as it is possible to estimate.

The placing of this great amount of gold in circulation over a fifty year period and its benefit to mankind is certainly something to keep prophets busy.

Probably 60 per cent of this vast sum would be expended for highly paid skilled labor and supplies. The manufacturing and production of these supplies would provide employment for many more workers. The possible 40 per cent profit will again create more profitable work for artisans in the building of fine homes and their furnishings together with the portion invested in stock and bonds to carry on other great enterprises.

The profits from the hydraulic mining of old, provided the funds to explore and exploit drift mining and quartz prospects. Hydraulic mining was the surest anr safest and quickest provider of the development of other mining enterprises. With the cessation of this form of mining, other kinds of gold mining slackened and died until today California's great gold mining industry is but a ghost of its former greatness.

Drift mining particularly would be aided greatly if hydraulic mining were again permitted and fostered. Many bodies of gravel would be opened by hydraulicking and when the lava overcapping became too thick to permit profitable operation by this process, the lay of the channel would have been exposed and drifting made profitable and possible. The water developed for hydraulicking would be available for the necessary power to drive the compressors and mills of the drift miner and the washing of the output.

The gold yet remaining in gravels to be worked by the drifting process runs into billions of dollars.

Perhaps the greatest indirect benefit of hydraulic mining in the past, and which predicates the future, would be to the development of water supplies for irrigation and electric power.

Today practically all the great orchards of Placer county are irrigated by water supplies developed for hydraulic mining.

Its aid to the hydro-electric power industry is best described in the following tribute to that industry by the power companies themselves.

"The power business in California had its beginning in the mining business. Miners pioneered the path of the hydroelectric engineers of today. Their methods of construction, the manner in which they moved heavy machinery and material into rocky, remote regions, their designs for flumes, dams, and ditches, their tangential water wheel, all left a lesson to be learned, and as the hydroelectric engineers of the new day read the record in the rocks the achievements of the sturdy men of the mountains took hold of them and inspired the vision that brought about the wonderful developments of the power industry that have made California the envy of the world. None knew the story better than the P. G. & E. This company supplied more power to gold mines than all other companies in the state combined. Never an engineer goes over its system but he realizes its debt to the old miners. Ten of the company's 28 water power plants were originally initiated to provide energy for mining operations. Nine of its plants were installed on canals dug to supply water for mines. Out of that same hunt for gold came ten of the company's reservoirs. Blindly, perhaps, but like a Titan, the old times miner builded for the fture. Tonight his reservoirs, feeding power plants on some Sierra slope, will light homes hundreds of miles away. Some of his canals, blasted out of the rocks in the old packtrain days of the '50's, still wind their rugged way through the twenty miles and more of mountain in the great wheels that in a twinkling create the spark that spins a thousand factory wheels and makes goods, and work for multitudes, and cargoes for ships, and payrolls, and prosperity. It is a striking tale, a tale too vast a work for the breath. It is a book, a book not yet written and too vast a work for the modest chronicler. The miner made California, and it is still his state, for the age of electricity has but sealed his title.—California's Debt to the Miner, P. G. & E. Progress, Vol. 1, No. 8, p. 2. July 1924.

So do not permit purveyors of idle chatter to charge hydraulic mining with being an agent of destruction. It has been one of California's greaest builders.

(To Be Continued.)

COURT HOUSE RECORDS

DEEDS

Isaac Ostrom et ux to Karl Kopp et ux—Lot 11, Block 9, City of Nevada.

Henry Ripkin et ux to C. B. Grenfell—south portion Lot 5, 16 acres of White Ranch subdivision.

Mrs. Effee Lovelady to Mrs. Annie Landrigan—Southwest parcel Lot 23, Block 9, City of Nevada.

Mrs. Sophia Ella Sampson to Fred G. Sampson—portion Lot 16, Block 22, City of Grass Valley.

George Thompson et al to Mrs Sallie E. Torpie—land on west boundary of townsite of City of Nevada to correct description prior to deed.

Thomas J Torpie et ux to George

George A. Grissell et ux to A. E. Baner—same as above.

A Grissell—same as above

M A. Thornton et ux to John C. Thornton—Lot 25, North ide Main street, Town of Truckee.

Lyman Gilmore to The Gilmore Airplane Co. —tract of land known as Grass Valley Airport.

E. D. Wolbert et al to Everett P. Tesdale—Sierra Neva Mining claim in French Corral Mining District.

Ah Gin et al to Herbert Gon—land in Sec. 23, T16N, R8E.

Western American Realty Co. to The Salvation Army—land and improvements in Grass Valley.

Lawrence C. Rickard et ux to John H. Obermuller et ux—E½ SE ¼ SE ¼, E½ W½ SE ¼ SE ¼, Sec. 26, T17N, R8E.

Julius F. Lichtenberger et al to Henry C. Lichtenberger—east 9 feet Lot 12 west 2 feet Lot 13, Block E, Church st. Truckee.

Lillie M. Beer et al to State of California—Lots 2 and 3, SE ¼ NW ¼, Sec. 30, T17N R10E.

George W. Ogden to Mrs. Nevada Ostrom—Lot 11, Block 9, City of Nevada.

Towle Estate Co. to P. G. & E. Co.—SE ¼ NE ¼, Sec. 21; SW ¼ NW ¼, Sec. 22, T17N, R14E.

Sylvan R. Anderson to Lillian G. Woodbridge—und. ½ int. in E½ N E ¼ Sec. 34, T17N, R7E.

Jerry Jones et ux to G. F. Van Duyer et ux—portion SE ¼, Sec. 34, T16N, R8E.

Central Pacific Ry. Co. et al to Truckee Sanitary District—Sewer and two septic tanks.

Raymond McCauley to Elmer Durbin—Lot in Block 9, City of Nevada.

Anne Margan et al to Ulysses V. Williams—Land in Block 50, City of Grass Valley.

Guy Smith et ux to Leicester B. Gregory et ux —portions NW ¼, Sec. 7, T16N, R9E.

Leicester B. Gregory et ux to Guy Smith et ux—Same as above.

City of Nevada to James H. Curtis—Lot 13, Block 53, City of Nevada.

LEASE

I. H. Keller to Standard Oil Company— Lot 1, Block 30, City of Nevada.

Grass Valley Hardware Co. to Standard Oil Company—two story brick building at 114 Mill Street.

RELEASE OF LIEN

FRENCH CORRAL ITEMS

FRENCH CORRAL, Mar. 30, (Special to The Nugget)— Well, everything is lovely here in French Corral andsince our last writing we have been treated to two snow storms. Firday night and again Saturday night. It stole in upon us so silently that many did not know until they happened to go outside, that the earth was being enshrouded in a mantle of white.

Soon Easter will be here. Already it was being celebrated in a way. Our teacher, Mrs. E. Schwartz, gave her school a picnic Thursday afternoon, and "Bunny Eggs" were in abundance along with the other good things. It was in celebration of the birthdays of David and Irene Browning. As all had been good children and worked hard for the month they were rewarded by this happy outing. School patrons were present, and the older ones enjoyed the pleasant time as much as the children. Mrs. Schwartz tries to make life pleasant for all.

Mr. and Mrs. W. E. Moulton made a business trip to Nevada City Friday and from there Mr. Moulton went to North Bloomfield to bring his daughter, Louise, to spend the week's end at home.

Clyde Browning is spending the Easter week vacation with his parents and family.

Louise Moulton, Mrs. Sutherland and her daughter ,Barbara, went to Grass Valley Saturday to meet Miss Frances Moulton, who came from Sacramento to spend the week's end at home.

Joe Swazey, who has been working for K. J. Phelan of Tyler for the past week, returned to French Corral Saturday.

Mr. and Mrs. James Phelan and Jack Phelan made a trip to French Corral Saturday.

Mrs. H. Clymo and son, Frankie, of Benicia are visiting Mrs. W. E. Moulton. Mrs. Clymo is Mrs. Moulton's twin sister.

Mrs. K. Broyles and family of Sacramento were Sunday visitors.

R. McCullough, Helen McCullough of San Juan and Miss Carmel Reader of Sweetland were here on a business trip Sunday.

Wm. Kessler of San Juan was a Sunday cisitor.

Ernest Collins of Sweetland was here Sunday.

W. P. Cierkin returned from Browns Valley Sunday.

W. E. Moulton and his daughters, Frances and Louise, went to Nevada City Sunday. Miss Frances returned to Sacramento and Miss Louise to North Bloomfield.

W. P. Clerkin and Rob McCullough went to Browns Valley Tuesday.

Mrs. Chas. Buhl and children of Browns Valley spent Wednesday and Thursday with her friend, Miss Millie Clerkin of this place.

Our hearts are sad to record the death of Mrs. Mary E. Davis, wife of Professor J. R. Davis of North San Juan, who passed away after a short illness and was laid to rest in the family plot in San Juan Wednesday afternoon. Mrs. Davis was a most beloved woman and her funeral was largely attended by friends from all over the county. She was born at North San Juan and resided on the San Juan Ridge all her life .Many years ago her family lived in French Corral where her father the late Noah Evans, was interested in mining.

We note the death of Mrs. Augusta Hunt, niece of the late Robert McMurry of North San Juan. In her girlhood days, Mrs. Hunt resided in San Juan for many years and no doubt the sweet and amiable Gussie McMurry is still remembered by many of her schoolmates at that place.

Ernest Collins and Joseph McCullough were business visitors Wednesday.

Miss Mary Alice Bach, who passed away at the Jones Memorial in Grass Valley some time ago and was laid to rest at Smartville was for many years a resident of the San Juan Ridge, where her childhood and girlhood years were spent in the little town of Sebastopol near North San Juan, where her family resided. In that place she attended school, and grew to sweet young womanhood. Miss Bach possessed a wonderful voice, and was ever ready to lend the charm of its sweet music for the pleasure of others. In those days no musical program was complete without her part in it. In later years, through some throat trouble, she lost her voice and could sing no more. She was beloved by all on the Ridge where many of the companions of her younger days still reside. All extend to her relatives their deey sympathy in the loss of this dear one.

SIERRA COUNTY MINING

A company represented by Griff L. Thomas has obtained a bond and option on the Black Bear (formerly the Telegraph) quartz and gravel property, which lies some nine miles northwest of Downieville. Mr. Thomas was in charge of the work on this property years ago under a different ownership, and knows the mine, its record and possibilities far better than anyone else. He is very hopeful of getting the preparatory work started so as actual development work can begin very shortly. H. S. Tibbey, and Henry and Ed Appoloni are the owners of the Black Bear.

John McDougall returned from he Smartville country and went on o Sierra City one day this week. John was doing some prospecting in the vicinity of Smartville for the past month.

Water has started in the Hilo litch and hydraulicking is under way at the Elenore or Owens ground at Mugginsville. There is not a full head of water yet, and none coming from the Morse ditch, where the water starts later than that on the Hilo side. Warren Godfrey is in charge of the work.

No water has started yet at Fred Joubert's Depot Hill diggings, and from appearances now his season will be very short.

We understand that Joe Harkins and Wm. Maloney have been taking out some nice gold from the Pilot property at Mount Vernon lately. According to report the gold ranges in size from $5 to $40.

Jack Darnell came up from Los Angeles on Tuesday. He has a bond on the Oxford quartz property near Downieville, where two miners are working, and is here to investigate the work that has been done during the winter.—The Messenger.

Mr. and Mrs. H. J. Lawrence had as a visitor their daughter, Miss Martha, who is a student at San Jose teachers college.

Mr. and Mrs. H. V. Mansfield of Alleghany motored to Nevada City Wednesday with Clayton Bennetts. Mr. Mansfield is president of the 16 to 1 mining company.

District Deputy Grand Exalted Ruler P. G. Scadden, pair an official visit to the Elks lodge in Red Bluff during the week. T. W. Richards, J. J. Fortier and George E. Walling accompanied him on the trip.

Miss Aedlaide Coan, teacher in the Sacramento schools, spent Easter vacation here with her parents, Mr. and Mrs. Tom Coan.

Mr. and Mrs. F. F. Breese are in Oakland having been called there by the serious illness of her sister, Mrs. William Larabee.

Thorn B. English returned to his home at North Bloomfield after a visit of several days in Nevada City and Grass Valley.

Sheriff George Carter and Deputy Sheriff A. T. Hellings, were Marysville visitors Tuesday.

Mr. and Mrs. Fred J. Dooley, of the Forest Service, have been transferred to Alturas, Modoc county. They have made many friends here who will regret to see them leave. Mr. and Mrs. W. M. Gracey gave them a farewell party Saturday eve.

A. M. Holmes was a business visitor in Sacramento during the week.

Misses Lucy and Marceline Harris and Stanley Tremewan spent a few days in Oakland. Mrs. C. Temby who had been visiting in Grass Valley accompanied them.

Mrs. Ida Wood and daughter, Georgia, and Roy Saxon spent the week end in San Francisco.

Mr. and Mrs. Tom Griffith visited in Sacramento recently.

Mrs. W. P. Miller, who suffered a stroke of paralysis Monday forenoon fell in attempting to get out of bed while her daughter was out of the room for a moment, and broke her leg. She is in a very serious condition.

O. D. Campbell of Colfax visited his mother, Mrs. O. D. Campbell, Sr. of Nevada City Tuesday.

MONEY SAFE IN THE BANK

While others may be tossing on their pillow wondering how they may recover the money they have lost in the decline in the price of their stocks, their stocks, the man or woman with a savings account is sleeping peacefully, happy in the thought that all that has been earned and saved is still intact and earning interest.

It is a matter of figures that the person who works and saves adding to his savings as the years go by, is better off in the end than the person who takes risks with his money and attempts to make money rapidly and in huge chunks. Many who have ried it are convinced that it is not always satisfactory.

For the person who can afford to take risks stock buying is a fascinating game. For he average person whose money comes hard and slowly the savings bank is the proper place for it.

THE NUGGET INDOOR SPORT COLUMN

GHIDOTTIS AND DURBINS LEAD BOWLING LEAGUE

The new lineup of teams in the Elks bowling league sprung some great surprises the past week. The Ghidottis fattened up with four points at the expense of the Trevithicks and the Durbins annexed four from the Leiters. The Penrose crew took three from the highly touted Lobdell aggregation which had been expected to be off in a cloud of dust to capture the hunting.

The new pins on the alleys raised the mischief with the bowlers who had been having lots of fun with the saucer bottoms which had been decorating the alleys for some weeks and but few high marks were recorded. Butcher Richards seemed to the only one who could fathom them and he trotted off with second high score for the week. Most of the averages took a healthy drop for the week but Dave shot his up nine pins to 138.

Fortier by some consistent work climbed into the 150 class after flirting with that distinguished mark for some weeks. Goyne leads in the spare getting class with 17 while Fouyer shows second place with 14 as did Bigelow. Tamblyn is in third with 13 as also Lobdell. Penrose Ghidotti and Walling are tied with 12 each.

The short season will run for four more weeks and will close the tournament work until next fall. A great deal of interest has been created in the sport which is one of the most fascinating of the indoor sports.

Doubles—Willoughby 4, Fortier 3, Jackson 2, Hoge 2, Durbin, Nickless, D. Richards, P. Carr, Penrose, Mobley, Celio, Tamblyn, Bettles, Trevithick.

Quadruple—D. Richards.

William E. Young, who is employed at the Old Colony gravel mine near Mountain House, suffered an injured foot by a cavein Wednesday afternoon. He was brought to this city Thursday afternoon for medical treatment.

A contest is expected to develop in the estate of the late Eugene McCann which is now in probate court. County Treasurer Frank Steel has filed for letters of administration on nomination of Frank McCann, a brother of the deceased. Mrs. May Lawlor has also filed, claiming to be a cousin of the deceased.

Mrs. . AJleria is suffering with a bad case of blood poisoning in her hand.

Judge and Mrs. F. T. Nilon have as guests, Mr. and Mrs. J. H. Fuller of Marysville.

Peter Flowers, miner of Alleghany spent a few days in Nevada City returning home Thursday.

Anthony Liska, who had a hand injured recently in the exploding of a cap at the Salmon mine, is in San Francisco consulting a specialist in regrdto it. It is making a rapid recovery.

Orrin Thompkins, who has been in Nevad aCity for several months on account of his health, visited with his family at Marysville. His wife motored up with him Sunday evening.

Miss Edna Smith has returned to Oakland an dserumed her duties as teacher in the public schools there, after recuperating from a recent appendicitis operation.

Steve Matteoda and S. Luther of North Bloomfield were recent visitors in Nevada City.

Mrs. William Lloyd and Miss Nellie Jones of Downieville passed through Nevada City Monday on their way to Sacramento where they will visit for a short time.

Mr. and Mrs. Fred Searls, Jr. of New York have been visiting his parents Mr. and Mrs. Fred Searls, Sr. a few days. Mr. Searls, Jr. left Thursday for his home in New York.

W. D. Hutchinson, former duputy sheriff, who has a position with an oil company in San Francisco, is here visiting his mother, Mrs. Wm. Hutchinson.

Mr. and Mrs. A. F. Thore of Tyler were in Nevada City Monday.

An examination of the statistics past season's games in the indoor horseshoe pitching tournament discloes that some very consistently good pitching was done by some of the players. The above tabulation gives the name of the player, his lodge affiliation, number of games played, the points scores by and against the player, his pitching average on percentage basis, and his ranking.

Only the scores of players who played in at least a third of the eighteen contests during the year and who attained an average of .500 or better are shown in the above standings. There were a few players who took part in but perhaps a couple of games and made good scores but these were not included as their few games could hardly entitle them to rank among the regulars for pitching honors.

The winning Christoforo Colombo team is well represented in the pitching averages, nine members of that lodge winning places out of the seventeen whose averages were above .500. Coughlin, oft he Native Sons, made the highest average with .767. Chapman and Hallett were the other members of the Native Sons to enter the select class. Bill Jeffrey, the dark horse entered during the last half of the tournament by Court Garfield, tops their players, with Rore and Sharp also placing .Arbogast and Seaman were the two best bets of the Odd Fellows' team although several others of their pitchers bettered their scores toward the end of the tournament.

There were forty-nine players who took part in the tournament entered as follows: Court Garfield, 14; Colombo, 13; Odd Fellows, 12; Native Sons, 10; total 149.

The seventeen players named above together with Tom Haddy and Walter Carlson of the Odd Fellows have been chosen a list of players from which it is planned to choose a team to accept an invitation of the Grass Valley pitchers to a series of games to be played in the near future. Baptiste Toccalini and George Day have been mentioned as managers of the proposed team and they, together with secretary M. D. Coughlin, have been appointed to confer with the Grass Valley representatives to arrange such contests.

A large point committee meeting was held Tuesday evening at the Native Sons hall at which between thirty and forty members of the four local lodges interested in horseshoe pitching were present, and considerable enthusiasm was evinced at the meeting and approval of a friendly series between the pitchers of the two towns, was expressed.

GRASS VALLEY PERSONALS

The many friends of Mrs. John Thomas will be sorry to learn that she is seriously ill at a hospital in Grass Valley.

Miss Elizabeth Hartung, student at the University of California, spent Easter with her parents, Mr. and Mrs. H. W. Hartung.

Mrs. John Thomas had as visitors over Easter, Mr. and Mrs. William Thomas, John R. Thomas and nephew, Jack Thomas, all of San Francisco.

Mr. and Mrs. Theodore Larson, Andrew and Cameron Larson visited in Sacramento Sunday. Their car was badly damaged by an Indian diving another car. The Indian was arrested later.

Richard Parsons, student at the University Farm, Davis, was home over Easter vacation with his parents, Mr. and Mrs. C. E. Parsons.

H. S. Tibbey, editor of the Mountain Messenger, of Downieville was a Nevada City visitor Monday. He called for a short visit at The Nugget office. Griff Thomas of San Francisco, who is up for a visit with friends here and at Downieville accompanied him.

Acidity

The common cause of digestive difficulties is excess acid. Soda cannot alter this condition, and it burns the stomach Something that will neutralize the acidity is the sensible thing to take. That is why physicians tell the public to use Phillips Milk of Magnesia.

One spoonful of this delightful preparation can neutralize many times its volume in acid. It acts instantly; relief is quick, and very apparent. All gas is dispelled; all sourness is soon gone; the whole system is sweetened. Do try this perfect anti-acid. and remember , is just as good for ...dren, too, and pleasant for them to take.

Any drugstore has the genuine, prescriptional product.

PHILLIPS Milk of Magnesia

DR. CALDWELL'S THREE RULES

Dr. Ca... watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time. Next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation is a mild vegetable compound. It will not harm the most delicate system as it is not habit forming.

The Doctor never did approve of drastic physics and purges. He did not believe they were good for human beings to put into their system. Use Syrup Pepsin for adults and members of the family in constipation, biliousness, sour and crampy stomach, bad breath, no appetite, headaches, and to break up fevers and colds. Get a bottle today, at any drugstore and observe these three rules of health: Keep the head cool, the feet warm, the bowels open. For a free trial bottle, just write "Syrup Pepsin," Dept. BB, Monticello, Illinois.

Take Advantage of Full Spring Growing Season

THE time is here to plant ornamental and fruit trees, shrubs, vines, plants, flowers and other growing things, if you would have beautiful grounds this summer.

Plant now and you benefit by the full spring growing season—to delay longer may mean the loss of an entire year in your planting program.

We Can Help You

first, by telling you how, where and what to plant to achieve the best effect. Secondly, by supplying you with fine, healthy, hardy nursery stock for planting.

After all, what is the most important thing in baking?

Is it measuring and mixing ingredients? Is it selecting *certain* ingredients? All Home Economists know that after all, the most important thing is the correct oven temperature.

For almost anyone using care can measure and mix good ingredients accurately and follow a tested recipe. But in the baking—that's where all your best efforts meet the real test.

Today, leading Home Economists are turning to a device that keeps the oven at any temperature. It is called the Oven Heat Control and is a part of the new Gas Range.

See these new Gas Ranges at your dealer's. Or phone or call at our office.

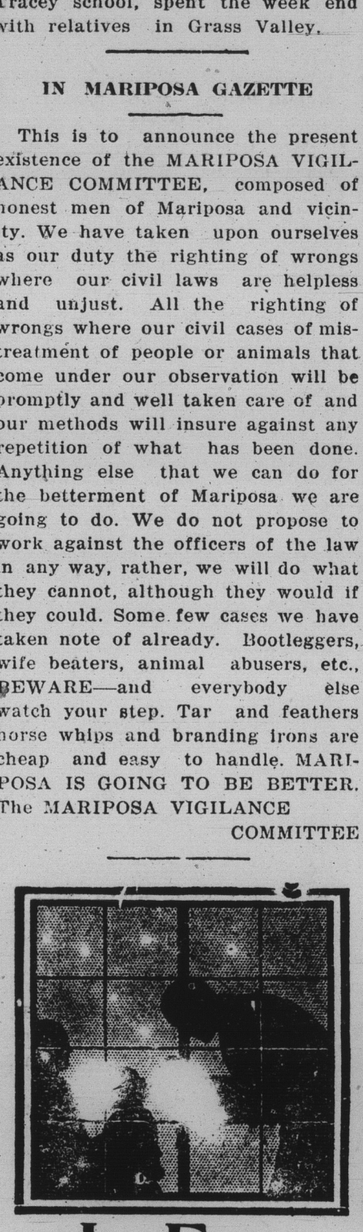
Mrs. Samuel Bawden of the Alta Hill district is in Alameda undergoing hospital treatment. She was accompanied down by her daughter, who drove up for her.

Miss Zoe Branegan, teacher in the Tracey school, spent the week end with relatives in Grass Valley.

IN MARIPOSA GAZETTE

This is to announce the present existence of the MARIPOSA VIGILANCE COMMITTEE, composed of honest men of Mariposa and vicinity. We have taken upon ourselves as our duty the righting of wrongs where our civil laws are helpless and unjust. All the righting of wrongs where our civil cases of mistreatment of people or animals that come under our observation will be promptly and well taken care of and our methods will insure against any repetition of what has been done. Anything else that we can do for the betterment of Mariposa we are going to do. We do not propose to work against the officers of the law in any way, rather, we will do what they cannot, although they would if they could. Some few cases we have taken note of already. Bootleggers, wife beaters, animal abusers, etc., BEWARE—and everybody else watch your step. Tar and feathers horse whips and branding irons are cheap and easy to handle. MARIPOSA IS GOING TO BE BETTER.

The MARIPOSA VIGILANCE COMMITTEE



In Five MILLION HOMES TONIGHT

There are times when all a mother's love can't soothe a fretful baby. No way of telling just what's wrong, yet something must be done. Castoria time! A few drops, and Baby has dropped off to sleep. Yet this marvelous means of quieting a restless infant is utterly harmless. There is not one ingredient but what all doctors know and approve, and would let you give your baby every day in the week. In fact Castoria is *a purely vegetable product.* Gas pains, constipation, even diarrhea can be dispelled in this same manner. Castoria is older than you are, but physicians still say "nothing better for babies." An old-fashioned remedy if you count its years, but parents are old-fashioned who still raise babies without its aid! And at least five million modern mothers keep it handy day and night, for twenty-five million bottles were bought last year! Buy yours now; don't wait until you need it.

Children Cry for Fletcher's CASTORIA

Mr. and Mrs. Vivian Hosking attended the Sacramento-Hollywood baseball game in Sacramento Tuesday.

LEGAL NOTICE

SUMMONS
No. 5713

In the Superior Court of the State of California, in and for the County of Nevada.

ECHO M. GOODWIN and LUL GOODWIN, his wife, Plaintiffs,
—vs—
JOHN W. O'NEILL; A. A. CHARONNAT; I. C. LINDLEY, S. T. ALLEN; NEVADA IRRIGATION DISTRICT, a corporation, AND ALSO ALL OTHER PERSONS UNKNOWN CLAIMING ANY RIGHT, TITLE, ESTATE, LIEN OR INTEREST IN THE REAL PROPERTY DESCRIBED IN THE COMPLAINT ADVERSE TO PLAINTIFFS' OWNERSHIP OR ANY CLOUD UPON PLAINTIFFS' TITLE THERETO, Defendants.

Action brought in the Superior Court of the State of California, in and for the County of Nevada.

W. E. WRIGHT, Attorney fo Plaintiff, Nevada City, California.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO: JOHN W. O'NEILL, A. A. CHARONNAT, I. C. LINDLEY, S. T. ALLEN, NEVADA IRRIGATION DISTRICT, a corporation; and also all other persons unknown claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to Plaintiffs' ownership, or any cloud upon Plaintiffs' title thereto, Defedants.

You and each of you are hereby directed to appear and answer the complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Nevada, within Ten (10) days after the service upon you of this summons, if served within this County, or within thirty (30) days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required the said Plaintiffs will take judgment against you for any money or damage demanded in the Complaint as arising upon contract or they will apply to the Court for any other relief demanded in the Complaint.

The said action is brought by the above named Plaintiffs against the above named defendants, and each of them, to quiet Plaintiffs' title to the land and real property described in the Complaint on file in said action and hereinafter particularly described and to determine the adverse claims of the above named defendants, and each of them, and of all unknown persons to, and clouds upon the title to the said real property and the whole thereof pursuant to the provisions of Sections 749, 750 and 751 of the Code of Civil Procedure of California, and that said real property is situate, lying and being in the County of Nevada, State of California, and is particularly described as follows, to-wit:

All those certain lots, pieces or parcels of land situate, lying and being in the County of Nevada, State of California, and bounded and particularly described as follows, to-wit:

The North West quarter (NW ¼, the West half (W½) of the West half (W½) of North East quarter (NE¼); the North Half (N½) of South East quarter (SE ¼) and the South West Quarter (SW¼) of South East quarter (SE¼) of Section Eleven (11), Township sixteen (16) North, Range 9 East, Mt. D. B. & M.

The object of said action is to obtain the judgment of the Court against said defendants and each one of them, known and unknown as follows:

That all adverse claims to, and all clouds upon the title of plaintiffs to said real property or any and every part thereof be determined by the judgment and decree of said court, and that it be decreed that plaintiffs are the sole owners in fee of said real property and the whole of said real property herein described, being the same real property described in the Complaint of Plaintiffs on file herein and that plaintiffs are in possession of the property and entitled to the possession of the said real property, and the whole thereof, and that the defendants have not, and that no one of said defendants, including the unknown persons made defendants herein, have any right, title, estate, lien or interest of any kind whatsoever, in or to or on the said real property or any part thereof, and that said defendants, and each and every one of them, known and unknown be forever debarred, enjoined and restrained from making or asserting any claim whatsoever in or to said real property, or any part thereof, adverse to plaintiffs, and that the title of said plaintiffs in and to said real property and the whole thereof be forever quieted and adjudged good and valid, and for such other and further additional order, judgment, decree and general relief as is meet and proper in the premises, and for costs of suit.

Given under my hand and the seal of the Superior Court of the State of California, in and for the County of Nevada, this 14th day of January, A. D., 1929.

GEORGE COUGHLAN,
[SEAL] Clerk of said Superior Court.

First Publication—January 28, 1929.

DETAILS OF NOLAN DEATH

With the return of Charles Manker to Nevada City on Friday, the first details of the tragic death of Edward Nolan, treasurer of Neocene Gold Incorporated, were made public here.

Mr. Nolan was returning to Nevada City from Los Angeles and when near Delano turned out to let a car pass in a driving rain. He hit a soft spot and went into a skid over a small embankment and the car turned over twice, causing fatal injuries. Donald Drake ,who was with him in the car, was not injured.

Those from here to attend the funeral in the southland were Mrs. R. H. Warne, Elwell Goering. George Nolan, and Charles Manker and family. Mr. Nolan was very popular among a large circle of acquaintances. Surviving him are the wife, two daughters, two sisters and two brothers.

MONDAY—A big feature picture in "The Wedding March". Amateurs Mistakes is the comedy, MGM News.

TUESDAY and WEDNESDAY—"Sorrel and Son", a fine picture. Comedy and Western also in the program.

FRIDAY— "The Price of Fear", "The Scarlet Arrow". Comedy.

SATURDAY — "Skinners Big Idea." Breaking Records is the Collegian.

SUNDAY and MONDAY—"Some One to Love." Comedy and News.

D. E. Coughlan is recovering from a sick spell.

NORTH SAN JUAN JOTS

NORTH SAN JUAN, Mar. 30, (Special to The Nugget)— Mrs. Jessie P. Truax of Lompoc spent a few days here this week visiting her mother, Mrs. J. Ferguson.

Mrs. K. J. Fogarty and her mother and daughter, Lucille, and Mrs. Henry Huckins, drove to Downieville Thursday and spent the day with Mrs. Ruby Lavezzola.

School election was held today 19 votes were cast, 17 of which were for Mrs. K. J. Fogarty, incumbent, and 2 for Mrs. F. M. Harris.

Friday will be a long remembered day by the children of Sweetland and North San Juan. At twelve o'clock the children enjoyed an Easter Egg hunt. Eight dozen colored eggs were hid around the school grounds, and a merry hunt ensued. Norman Fogarty won the prize for finding the largest number of eggs and Esther Reeder the second prize. Louis Kessler won the prize for finding the silver egg.

Lunch followed about 45 being served 25 of whom were children. Each child received a basket filled with candy eggs.

A live bunny rabbit appeared on the scene during the picnic lunch to enliven the occasion.

After lunch the young people played baseball. On account of illness among the North San Juan pupils they could not play against the Sweetland school but sides were chosen from the two schools. The teams were evenly divided the score being 15 to 16.

Mr. and Mrs. Frost were here the first part of the week from the Salmon mine near here.

Mrs. W. P. Miller, who recently suffered a stroke of paralysis, was further incapacitated Thursday night when she fell from the bed and broke a limb.

FOR SALE

COMMITTEE HEARING

Continued from front page

in that case their great fear of dam collapse would change to one of substantial confidence in them. What an able and intelligent argument for a district attorney thoroughly practiced in the art of making pleas for justice to be done in court! Somebody should have reminded Mr. Coates beforehand that you can't have your cake and eat it too. To sum up, the entrie brilliant argument presented on dams presents the damning imprint of the selfishness of Yuba and Sutter counties.

Assemblyman Noyes remark can all be dimissed with one sentence. His charge that the minds of residents of the mountain counties were poluted in fostering the bill typifies his entire talk. When two little boys get into an argument the loser is spotted the minute he starts calling the other names.

Mr. MsMullen rounded out the valley speakers and he himself brot in the melodrama with his recitation of a heroine who first missed a buzz saw by inches, then a railroad train by a foot and finally a fll from an aeroplane by a hair, all copied from the movies, but to show that the valley counties couldn't trust a villian or anyone else that would o such things. Of course the mountain counties were the villian. What a wonderful innocent trusting and beautiful heroine Yuba and Sutter counties make with the selfishness and hate two of their speakers exposed. In closing Mr. McMullen apologized to the committee for having been forced to again oppose the bill that would give state aid to hydraulic mining, having just before that called to their attention that they themselves were asking nothing a all of he state and never had. What convenient memories they have down there for of course they wouldn't consider asking the state to aid in establishing a state trademark and advertise same extensively that they might market their surplus peaches. What a peach of a practical demonstration of a dog in the manger. Considering their case as a whole the report that they were giving free gas to all that would attend the hearing must have been true for they still had an excess supply on hand which they tried to use in place of facts to gain their point.

Now back to drama again and our little play will soon be over. The good book says, "do unto others as you would have them do unto you", and the mountain counties in asking aid of the stae for their cause will not forget valley people. The greatest thing of all about these dams to be built is not the gold that mountain counties will mine, not the ghost towns that will bloom once again, not the prosperity that will accure to residents here, and yes not even the prosperity that will accrue to the valley not one or even all combined but the human lives that will be saved that cannot be saved through flood control will not be our up here in the mountains but the children of the bitter opponents to this bill. Assemblyman Seawell in the closing argument for the bill capably showed them their position by likening them to the South after the Civil War reminding them that since then the whole United States had fought together for fredom of the world and called on them to forget the past and join the mountain counties that all might benefit. His phrase "he war's over" expressed the whole ancient bitter feud in a nutshell. What a night i was drama, comedy, farce and melo drama; material for a modern Skakespere if there were but one there to take it in. Oh well, "alls well that ends well" for the committee failed to heed the valleys flowery appeal to lay the bills head neath a rose ,but gave it a favorable recommendation to the assembly.

Wm. Maguire is in San Francisco. He attended the hearing of the Seawell bill in Sacramento Monday evening.

A TONIC FOR THE FAMILY'S HEALTH

HEALTH—how much it means to you ,to your husband, to your children! On Health laregly depend your future happiness and welfare. You'll find PATSY BREAD the Key to Good Health; that will give the rugged strength that is needed to "carry on."

Our ingredients are selected with the same care you yourself use; our bakers are men of infinite skill and ability; our shop and equipment are the best science and money can produce—and our PATSY BREAD is the finest that can be produced.

Our service makes it convenient to get! Our Grocerers receive PATSY BREAD fresh every day.

Ask your grocer for PATSY BREAD and you'll get the finest loaf you ever tasted.

PASSING MRS. J. R. DAVIS BRINGS TOUH SADNESS

NORTH SAN JUAN, Mar. 30, (Special to The Nugget)— Where the last rays of the setting sun would warm her last earthly resting place, Mrs. J. R. Davis, on Wednesday last, was tenderly laid to rest here.

Mrs. Davis was born in North San Juan on October 18, 1861 of Welsh parents , Noah and Mary Evans. She attended the local schools. When a young lady she joined the singing class conducted by Prof. James Roland Davis in 1877 at San Juan, and a romance sprang up which culminated in marriage. To this union five children were born, three of whom reached maturity. Only one of her children survives her, a daughter, Mrs. Margaret Corbett. Of the other two, George died in 1901 at the age of 21, and Mrs Mamie Peters, who passed away more recently leaving six children.

Mrs. Davis had been ailing for many months. About two months ago she went to Oakland to receive medical care and to be with her daughter .All that medical aid and loving care could do was done, but to no avail. She grew steadily weaker and passed away quietly at 3:30 Sunday morning. Prof. Davis was called on Friday night and reached his wife's bedside at 1 o'clock on Saturday.

The remains were brought here for interment. Funeral services were held in the Methodist church here and were conducted by Rev. Buckner. Mrs. Lydia Talbot sang a solo and a choir composed of Nevada City people furnished sweet music. The pall bearers were old friends of the family: Wm. Moulton, I. Musfield, Chas. Weinman, Joe Holland, Joe McCullough and Henry Huckins.

Out of town people at the funeral were: Dr. and Mrs. Corbett and two children of Oakland, a brother, Tom Evans of San Francisco, a nephew, Ralph Evans, of San Francisco, two granddaughters whom Mrs. Davis raised from small girls, Mrs. Alberta Jones of Fallon ,Nev., and Mrs. Jesie McGuire of Los Angeels, besides a large number of friends from Grass Valley, Nevada City and surrounding country.

A choir composed of Mrs. E. M. Rector, Miss Fdieda Hieronimus and George Calanan sang, with Mrs. Watt as accompanist.

Besides the granddaughters already mentioned Mrs. Davis leaves the following grandchildren, Morley R., Willia D., and Robin James Corbett of Oakland, Russel, Margarite, Wilma and Mary Peter of Oakland and three great grandchildren, Rita and Wanda Joes of Fallon and Hugh McGuire of Los Angeles.

Mrs. Davis while retiring by nature was a kind neighbor and will long be remembered for the many thoughtful acts that endeared her to the community. To her family she was a loving wife and mother and her passing is keenly felt. The many beautiful floral offerings were a token of the high regard in which she was held.

SPECIAL THIS WEEK

Swifts Silverleaf Brand Lard, 4lb pail	94c
Mothers Oats, with China	39c
Shredded Wheat	2 for 25c
Coffee	3lbs for $1.00
Imported Olive Oil	pint, 48c
Fancy Peaches, fancy 2½ tins	18c

Out of town orders solicited and prompt service rendered. Send a trial order.
